- 3 years High School Soccer
- 10 years club soccer

Education:

- Sandra Day O'Connor High School Senior

Personal: I've played soccer since the age of 3 and have continued to play club since the age of 7. I have attended many state cups and competitions. I understand what being a leader means and what a coach means to a team. I want to share my passion of soccer with kids and develop their passion for the game and help them learn how to be successful on and off the field.
